

Progress Reports

Dairy production is much more than a livelihood, it is a passion, a business and a way of life.

Lactanet publishes three regional annual reports across Canada. As our flagship publication, each edition showcases top managed herds, publishable herd data, statistics, benchmarks and articles from dairy experts.

Dairy trends combined with statistics paint an unparalleled picture of the Canadian dairy sector. The reports acknowledge and applaud outstanding herd management from Canadian dairy farms whos passion and determination will undoubtedly inspire many.
