

CAREER OPPORTUNITY

Project Director National

Lactanet is seeking a Project Director. In this position, reporting to the Chief Operating Officer, you will contribute to the maintenance of the project management process and its governance as well as to the proper management of Lactanet's multiple projects. You will lead the project management office team and work in collaboration with all the company's managers and their teams. You will play a key role in the optimization of processes and projects. You will ensure that processes are in place to ensure meeting deadlines, budgets, and project scope.

Position Overview

- Plan and ensure the management of major Lactanet projects: ensure that the product delivered meets the needs of the users respecting budgets and timelines
- Responsible for processes, resources, and tools for effective project management
 - Coordinates the project governance process
 - Maintains the project portfolio dashboard
 - Maintains project documentation in an optimal manner and accordance with best practices
 - Acts as a resource person in support of project teams
- Promote innovation, quality, and efficiency in projects and the effective transfer of products to operations
- Facilitate and participate in various working and governance committees focused on the implementation and improvement of best practices in project management (process modeling and continuous improvement)
- Ensure the ability of the team to provide guidance to project teams in a perspective of improvement, innovation, and quality.
- Lead, coach, train and inspire a talented and responsible team of project managers
- Ensure the application of company policies within their team

Qualifications & Experience

- University degree in management or other relevant training (PMP certification an asset)
- A minimum of five years experience in a similar role (experience in a project office and systems, an asset)
- Excellent communication skills (Bilingualism in French and English, both written and spoken)
- Excellent analytical, organizational, and multi-tasking skills
- Excellent supervisory, coaching, and teamwork skills
- Good interpersonal skills and diplomatic communication skills;
- Demonstrate strong political skills and influencing abilities; Comfortable in a fast-paced environment;
- Good knowledge of Microsoft 365, and comfortable with online collaboration tools
